

MEMORANDUM

TO: All BYBA Coaches
FROM: Dominic J. Paratore
RE: Final Evaluations
DATE: February 11, 2006

To assist us in constructing teams next year, we would appreciate it if you would evaluate each player you know on the enclosed roster form. Beside each player place a single number which provides an overall rating of the player's ability. Factors to be considered include: ball handling, shooting, team play, passing, defense, rebounding, attitude and court sense. Use the following ranking: 1 = Excellent, 2 = Above Average, 3 = Average, 4 = Below Average, and 5 = Needs Improvement. Ask your Co-Coach for input in ranking players. You need only to evaluate the players on your team. However, should you wish to do so, please do not hesitate to evaluate any of the other players from other teams.

It is important that you take this task seriously and return the forms to us. Without your assistance in this matter team selection for next year becomes difficult and may result in unnecessary change of players from one team to another, which is what we would like to avoid if at all possible. The forms should be completed and turned in by February 25, 2006. This should provide you with enough time to complete this evaluation.

This form can be turned in to your Coordinator, Len Paolillo, Steven Sainte, Joe Canina or myself. Thanks for your help.
